Did you know that the City of Huntington and Huntington Housing Authority (HHA) recently received a Planning Grant from the U.S. Department of Housing and Urban Development? Why is this important to you? The Choice Neighborhoods Initiative focuses on planning for better housing and neighborhood improvements. It focuses on enhanced services, security, improved schools and youth programs, additional educational opportunities, better transportation, and access to jobs. The goal of the initiative is to develop an Innovation Plan that establishes a vision for former HHA Northcott Court property and for the surrounding community as a whole. Come join us – share your ideas for the neighborhood, participate in planning activities and learn about upcoming community meetings. This meeting will also feature an update on the Hal Greer Boulevard Corridor Plan.
